

END-OF-SERVICE PRAYER MINISTRY SCHEDULE

Please be familiar with these GUIDELINES:

1. Prepare your heart in advance to serve anyone who might come forward needing prayer or care or spiritual encouragement.
2. Go to the front *during* the final prayer and/or benediction, so that you will already be there when people look up after the benediction. Sometimes Pastor Brad announces that people may come to the front to pray with someone, but at other times he does not, so please do not wait for it to be announced. It is best to have one prayer person stand in front of the left center section, the other in front of the right center section.
3. When people come for prayer, you are welcome to sit with them on the front row if you would be more comfortable.
4. Please do not feel discouraged when no one comes for prayer; it is important for us to continue being present, visible and accessible; we want people to be assured that someone will always be available when they have a need to pray.
5. Please let me know if you will not be able to be there when scheduled. If it is more than 24 hours before Sunday morning you may either call or e-mail me. If it is within 24 hours, please call me at the number below. You may leave a message if necessary. I will then arrange for a substitute, or re-arrange the schedule as needed.
